NFT bulletin - April/June 1976 - review:

“**ENTEZAR**”, a 55-minute 1974 film written and directed by Naderi, is a strange tale about a 14-year old boy who goes each day to fetch a bowl of ice for his aunt and uncle. The bowl is always presented to him through a door by two beautiful young hands but he is never able to see the girl behind the hands and this eventually becomes his obsessive desire.”
