Becky Thatcher in the second screen version of "**HUCKLEBERRY FINN**". Lewis Sargent was 15 as Huck, and Gordon Griffith 12 as Tom, so perhaps it's safe to infer she wasn't over 16 at the time. Nothing else is known of her.

It's difficult to judge her age from this shot, but Griffith was 12, playing Tom, and he's taller, so Thelma could not have been much older than that.
