65		TOPO GIGIO IN LONDON	? ? ?
66		DALEKS INVASION EARTH: 2150 A.D.	as Susan

[Main source for the above credits is her entry in **Spotlight** – Spring 1967, which does not supply dates for the titles in each player's CV. It gives her a separate credit for appearing in an Aaru productions film titled simply "DR WHO", but no such film was ever released, and to my knowledge she never appeared in the original BBC TV series. It was presumably a working title for the 1966 sequel above.]
